A NEW Safety Program featuring Armourx Frames

Armourx helps customers to build a culture of safety in their workplace that not only prevents injury and accident, but also protects employees against harm so they can perform their duties with confidence.

In combination with Doctors Optical Labs proprietary products, these patients will not have to sacrifice performance for safety. They can have them both!

A COMPREHENSIVE SAFETY OFFERING

Offices have access to all Armourx collections of safety frames through Doctors Optical Labs. These frames can be processed with any EyeFOCAL lens design in polycarbonate material, including ActiveAR coatings and NeoChromes technology.

Frame Pricing: The frame pricing includes a safety upcharge for edging and mounting.

Lens Pricing:

We want to keep this program simple. Lens and add-on pricing is based on the office's current pricing set up with Doctors Optical Labs.

How to Order:

Safety Kit:

- Order Armourx Safety Kits from your Doctors Optical Labs Business Development Consultant.
- Kits include 12 preselected frames.
- Frames in the kit have a notch in the temple and not to be dispensed to maintain the integrity of the kit.
- Kits drop-ship free of charge from Armourx.

Rx Job:

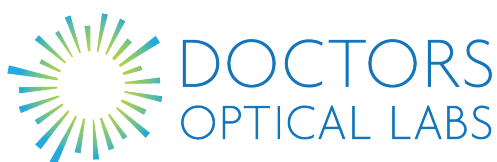

- Complete Rx jobs are ordered from Doctors Optical Labs.
- There is no need for the office to send the frame to the lab.
- Anticipate 10-14 days turnaround time for the complete job.
